

ROADRUNNER FREIGHT

Dear Roadrunner Freight Customers:

At Roadrunner Freight, the health and safety of our team members and customers is our top priority. We are closely monitoring the coronavirus (COVID-19) situation and are actively planning business continuity efforts to ensure we continue to service our customers.

**What we are doing to protect our team members and customers:**

- Increasing the cadence of cleaning services in our facilities
- Reviewing the type of disinfectants being used by cleaning service partners to ensure EPA approved disinfectants are used to effectively sanitize facilities and equipment
- Providing additional cleaning supplies for use at our facilities, including hand sanitizer, Lysol wipes, soap and other cleaning supplies
- Offering sanitizing stations at driver check-in, and establishing internal sanitizing stations for all employees
- Ensuring that all bathrooms and common areas are stocked with soap and hand sanitizer
- Providing educational materials and ongoing communications to all facilities
- Restricting travel to business-critical visits, and limiting non-essential visitors at our facilities

Roadrunner Freight's service centers remain operational across the country and we look forward to supporting your LTL shipping needs.

If you have any questions or concerns, please feel free to contact me directly.

Sincerely,

Frank Hurst

President of Roadrunner Freight
